

WEST BENGAL STATE UNIVERSITY

B.Sc. Honours/Programme 4th Semester Examination, 2022

EVSHGEC04T/EVSGCOR04T-ENVIRONMENTAL SCIENCE (GE4/DSC4)

BIODIVERSITY AND CONSERVATION

Time Allotted: 2 Hours Full Marks: 40

The figures in the margin indicate full marks.

Candidates should answer in their own words and adhere to the word limit as practicable.

All symbols are of usual significance.

1. Answer any *ten* questions from the following:

 $1 \times 10 = 10$

- (a) Why on site conservation is necessary?
- (b) Mention the full form of BLAST.
- (c) What is the role of endemism in locating biodiversity hotspot?
- (d) Mention two objectives of National Biodiversity Vision Plan 2050.
- (e) Define biogeochemical cycle.
- (f) What is the basis of ethical values of biodiversity?
- (g) What do you mean by habitat degradation?
- (h) IUCN Red List (2004), what does 'Red' represent?
- (i) What is a gene pool?
- (i) What is the reason behind the vast diversity in Indian ecology?
- (k) What features make a community stable?
- (1) What do you mean by 'Eutrophication'?
- 2. Answer any *five* questions from the following:

 $2 \times 5 = 10$

- (a) Point out the role of local communities and traditional knowledge in conservation.
- (b) Distinguish between allopatric and sympatric speciation.
- (c) What is the significance of Nutrient cycling?
- (d) Why does biodiversity amongst species decline as we move from the equator?
- (e) How can the loss of biodiversity be prevented?
- (f) What do you mean by primary productivity?
- (g) What do you mean by agroforestry?

CBCS/B.Sc./Hons./Programme/4th Sem./EVSHGEC04T/EVSGCOR04T/2022

3. Answer any *four* questions from the following:

- $5 \times 4 = 20$
- (a) Explain effects of recent climatic changes in biodiversity with suitable examples.
- (b) What do you mean by Remote Sensing? Discuss the role of this procedure in management of natural resources.

2+3

- (c) Describe importance of spatial and temporal patterns of biodiversity in $2\frac{1}{2} + 2\frac{1}{2}$ conservation.
- (d) Explain Ex-situ conservation in detail.
- (e) Write the impact of hydropower development on biological diversity.
- (f) Differentiate between National Park and Wildlife Sanctuary.
 - **N.B.:** Students have to complete submission of their Answer Scripts through E-mail / Whatsapp to their own respective colleges on the same day / date of examination within 1 hour after end of exam. University / College authorities will not be held responsible for wrong submission (at in proper address). Students are strongly advised not to submit multiple copies of the same answer script.
